Reasons for comment:	
Comments:	As the owner of a property in Cross Lane East I object to this new planning proposal. The new proposal is just a reworded version of the previous, turning a property in the centre of a family residential area into a HMO. Whilst the number is for three self contained flats and 'habitable rooms' how many residents will reside there? The area is already densely populated with limited parking. As stated in my previous objection this proposal is driven by greed with no respect given to neighbours who have bought houses and have no desire to live next to a HMO. If housing is an issue in the Gravesham area there are plenty of empty/derelict areas which could and should be invested in.

Kind regards
