Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	Yet again the residents of Tennyson Walk have had no discussion, notification or correspondence from Northfleet school for girls regarding these plans. The noise during construction and then the subsequent noise and light pollution when completed is a major concern. In addition what consideration has been made for the wildlife that inhabit this area? It is like we residents don't exist. No information about how the pitch and courts will be used, during the day or evening? How long into the evening are we expected to put up with floodlights? Our garden backs onto the "wildlife area". Is this affected? Will this be fenced? If so how tall and what type of fencing? A complete disregard to neighbours. Zero consultation. I also understand we live in a technological age, but not everyone has access to the internet. There may be residents along this road who are oblivious to these plans.
