Subject: Application for Relocation of Access Drive and Parking Area at Coachman's

Dear Madam or Sir,

I am writing to formally request consideration for the proposed relocation of the access drive and parking area from the side to the actual front of Coachman's.

Enclosed with this letter, please find attached architectural landscaping planning documents. These documents illustrate the envisaged position of the new driveway, thus providing a comprehensive overview of the proposed modifications. Alongside these, we have included the site plan and photos of the current driveway, aiming to present a clear comparative view. Furthermore, for a more complete understanding of the existing scenario, photographs of the privately maintained roads within our gated development have also been provided.

The rationale behind our request for the change stems from both aesthetic considerations as well as improving the functionality and accessibility of the property. The proposed position of the driveway not only aligns more harmoniously with the design and architecture of Coachman's but will also enhance the overall flow of traffic within the gated development, leading to more streamlined ingress and egress.

It is our belief that these proposed changes would be beneficial for both the residents of Coachman's and the broader community within the gated development. By moving the driveway and parking area to the front, we are hopeful to achieve a balance between form and function, making for a more pleasing and efficient space for all.

We understand and appreciate the thorough scrutiny that goes into evaluating such applications, and we are more than willing to engage in further discussions or provide any additional information required to facilitate the decision-making process.

We eagerly await your feedback on our proposed plans and are hopeful for a favourable outcome that aligns with our vision of enhancing the aesthetic and functional value of Coachman's.

Thank you for your time and consideration.

Yours sincerely,
Henry Olsen
