Comments:

Whilst I understand the wish for the Landlord and Owner of the property to retire I do not agree with the loss of use of the pub, therefore change of use for the property. The pub is an important community asset and is highly valued by people, including myself in the community and I strongly feel the property should remain as a pub, to provide for the local community. I first remember the pub in 1980s , and I have grown up with this as an important local centre, including important events for my family. I do not believe the community should lose this asset or that the property should have change of use.

Having reviewed the submission by the Landlord I would like to refute the evidence in relation to one off events the community has held. Historically the Landlord was part of many of these events and many happy hours were spent together. The pub and local events are all part of the English community and celebrations which I feel strongly should be continued for all to enjoy.

The evidence in relation to the bus stop, GP and shop relate to the changes in the political and socioeconomic changes over the six decades and do not relate to lack of support to the pub in the 2020s. We have sadly lost many pubs in the area and would absolutely love to see, and would continue to support, the Amazon and Tiger re opening.

Kind regards
