I totally object to the Amazon Tiger being turned into a dwellinghouse. It was bought as a public house and should remain a public house. Our village is really missing this pub and has done since covid. Our nearest pub is a 30 min walk, not fair for local residents especially those who can't walk far. There are plenty of houses for sale in Harvel but no public house after the owners refused to reopen. Local Residents should be able to benefit walking to their local pub and enjoying being a bigger part of the community for their well being and mental health. There have also been people in the village that have offered to buy the pub for more than the market value and yet the owner has refused several times. We would like the Amazon and Tiger public house to remain in our village as a Public house. If they want a house they should move into a house and let the pub remain a pub which it was originally built for and used for. This is totally unfair for our community.

Kind regards
