Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I have a long association with the Village of Harvel for nearly 50 years and it honestly saddens me what has happened to the Amazon & Tiger. In my view, since the closure of the pub the complete fabric and feel of the village has changed for the worse!! There is no central or focal point that can help the community to help bring people together which is so badly needed in rural areas! I have some sympathy with Mick and Angie, wanting to maximise their asset but where does this end and ultimately they bought a village pub. The pub has traded for circa 100 years, do we all want to sit by and watch these community assets disappear! The Council and Planning committee have a responsibility to future generations to preserve and nurture these community assets and should reject this application without question. I appreciate that turning the current building into a viable business would need a lot of work and talent but it's in our community in abundance, so surely someone should be given the opportunity to try not just give up because current owners have failed..

Kind regards
