Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:

Comments:	I would wish to address this application in two parts. Firstly, the retention of the single storey extension I have no issue with. It neither obstructs my view or overshadows my property. Secondly, as for knocking down the garage to create extra amenity space. I am not keen on this as my [REDACTED] was only a few years ago that I removed all the asbestos based corrugated roof off of [REDACTED] garages and we then [REDACTED] for a new roof. To rip half of it down would be undesirable for both of us! I appreciate this to to comply with the regulations on how much garden space can be used, but in reality, the only people this part of the application affects is my neighbour and myself and neither actually want this. For clarity, [REDACTED] my neighbour has to demolish his garage to keep his extension, I would not object and would hope a way exists to achieve this without adversely affecting [REDACTED] property.
