Reasons for comment:	
Comments:	The site has been subject to high court ruling for many years, which seems to have been ignored. The people currently on the site have illegally linked into the waste and utilities as well as caused environmental damage and continue to have environmental impact through illegal waste and fly tipping. Also as the sites are areas of outstanding beauty and also green belt. These GBC consultation of 2019/2020 states they enough sites had been located across the borough so the site is not really required - or needed.

Kind regards
