Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This application is another insult to the planning office, as they have all arrived already on land that has an I junction on it. This is Green Belt land and should stay so, the land wants have already destroyed it, this can not be allowed. I object on the grounds that the rubbish that is dumped in the road and burnt every evening, including plastic is causing air and land pollution. I live in the countryside for clean air my children should not have to come inside because they are breathing in burning plastic fumes, my dog even smells of it. I will be reporting this to environmental health. Access is a single lane, not suitable for increase in traffic. The unsafe driving from these illegal residence has also put my children in danger on the road. Illegal residence isn't fair and should not be allowed.

Kind regards
