

I wish to object to the above mentioned planning application for the following reasons, The traffic is already so busy here and if this goes ahead it will create more congestion in and out of Istead Rise and on the New Barn Road.

Lack of infrastructure, we only have basic shopping facilities with very limited car parking in the area.

Lack of public transport, very few buses and no train stations.

No safe walking or cycling routes to Gravesend.

Loss of green belt and natural habitats with permanent catastrophic environmental damage.

Reduced numbers of available spaces at local school which are already full.

I cannot foresee how this planning application will benefit this area in any way. It certainly

does not reflect the needs of local residents, I look forward to hearing from you Kind regards
