Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	1) This development will forever unfavorably alter the character of Meopham with new housing over farm land. 2) The infrastructure of Meopham is already stretched with its existing population. The water supply and sewerage systems would need to be upgraded causing yet more inconvenience for the existing population. 3) The traffic in Meopham is already horrendous especially at peak times this would add yet more inconvenience to the population already present. 4) The parking facilities at the few shops that Meopham does have are already under extreme pressure due to the current population, so adding hundreds more cars to parking equation is ludicrous. 5) Services already stretched to the limit and would be pushed beyond breaking point if this development were to go ahead. (Just getting a doctor's appointment is already an act of God) 6) Who would be housed in these new homes? 7) This development would be a blight on the wonderful countryside of Meopham and an affront to the people of Meopham.
