Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Dangerous access off Wrotham Road, increased traffic Damage to visual aspect next to Conservation Area Cumulative impact of several applications on traffic and infrastructure Cycling mitigations will not work - crossing the road twice is not safe The Land is Green Belt in current Local Plan and as such all those protections still stand - it is productive agricultural grade 2 land and currently in use. Drainage along Wrotham Road is always an issue during any heavy rain and further developments will cause additional periods of road floods.

Kind regards
