- In order for the proposed boundary treatment to be acceptable, the proposed alterations will require the removal of both gates and the lowering of the wall/piers located within 2 metres of the entrances to a maximum height of 0.6 metres. Alternatively, the frontage treatment could be completely redesigned, with lower walls and if gates are included, they should incorporate appropriate set backs.
- In order to resolve the ongoing breach of planning control at the application site, a planning application for a revised boundary treatment should be submitted to the Borough Council within 28 days of the date of this pre-application enquiry response.

- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.
