Summary

The proposal for remedial works to the existing damaged roof would require listed building consent. The works as set out in this pre-application submission would appear to protect the architectural and historic interest of this grade II listed building and the character and appearance of the Windmill Hill Conservation Area, subject to the advice given, and would therefore be likely to be viewed favourably.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
