Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I would like to object to this application as it involves building on land that has not already been developed and so this land is not designated grey or brown belt. Once it is built on it, it is gone forever. The land should be kept for agriculture. I would also like to object due to the fact there is very little public transport in this area, and to run a house in this area, a family needs at least two cars. This would mean at least 100 to 200 cars a day would be trying to access the A227 a road which can already not cope with the amount of traffic using it. The extra cars would bring even more pollution to the area.

Kind regards
