Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I fully support this. This is for Educating our children, family, friends, and community. We are a diverse community especially in gravesend, everyone should be able to educate themselves, whether it's academic or one's faith, they should be able to have a choice. It should be a safe space that is supported not only by its council but also by its local community.

Kind regards
