Reasons for comment:

Comments:	As a construction professional working for over 25 years in the construction industry, a member of the CIOB, I really support quality housing which this project will provide. A habitable dwelling for professionals and individuals who are in dire need for accommodation near to the rail station, A2 and local amenities. As well as providing habitable accommodation it will help alleviate overcrowding in other privately rented properties in the area. It was already a HMO, so 1 extra bedroom will not cause inconvenience to anyone
