| Comments: | <p>"Added to that we have more than 1,000 households on our housing register and historically high numbers of families in temporary accommodation; there is a desperate need for quality new homes in the town centre."</p> <p>The above comments were made in response to the rejection of the Gravesham Borough Council proposal for the £20m regeneration grant from the Govt.</p> <p>These facts are still in effect to this day and if anything they are getting more and more exacerbated by the week.</p> <p>This HMO application is incredibly important for the local community and I would like to see more of this across the Borough. We need Gravesend's residents to live in suitable housing, there should never be 1000 families seeking accommodation in a town like ours.</p> <p>The more HMO's and similar housing solutions there are the better our town will be. This is a positive development for Gravesham and I would like to see more of it!!</p> |
