Reasons for comment:

Comments:	I believe this will be fantastic for the community and keep the younger generation off the streets and out of town which stops them loitering and getting up to no good. There's carpark's near by which makes this even better. This will also allow local elderly residents to make it to the mosque without having to rely on a lift from others this will also reduce traffic and congestion on the roads as people will be able to walk it will also avoid loads of cars parked everywhere as there is near by parking.
