2 HOUSES IN MULTIPLE OCCUPATION LICENCE

Buildings, houses and flats which have been converted into HMOs are regulated by local authorities to ensure they are properly constructed, managed and maintained. All HMOs must comply with the local authority's adopted standards for HMOs and other HMO related regulations. HMOs occupied by five or more persons will require a licence from the local authority. Please contact Gravesham Borough Council's HMO Team for further details or through the following link: <https://www.gravesham.gov.uk/licensing/houses-multiple-occupation-1/2>.

3 BUILDING REGULATIONS CONSENT

The granting of planning permission is independent from the granting of Building Regulations consent (which may, or may not, be required). In the event of a change to the scheme granted planning permission being required to satisfy the Building Regulations, applicants are advised to seek advice from the Local Planning Authority [as proceeding without the necessary permissions could nullify this permission].

4 WORKS OF CONSTRUCTION

Hours of work of construction site plant, equipment and machinery, should be restricted to not earlier than 7.00 a.m. and not later than 6.00 p.m. weekdays and Saturday working should be restricted to not earlier than 8.00a.m. and not later than 1.00 p.m. No work shall be carried out on Sundays, Bank or Public Holidays.

- i. Suitable sound attenuation shall be used at all times in respect of all plant, machinery and equipment in operation on site in order to aid prevention of noise nuisance. Compliance with BS 5228: Part 1: 1984 and subsequent amendments regarding the use of equipment on site will be required in appropriate cases.
- ii. A suitable method of control shall be used in order to aid prevention of dust nuisance arising from work activities on site.
- iii. Burning of waste materials shall not be carried out on site. Such materials are to be stored in a suitable receptacle, as far from residential accommodation as reasonably practicable, pending disposal off site.
- iv. Adequate arrangements shall be made to remove all waste material from the site on a regular basis and to dispose of it at a suitably licensed waste disposal site.

5 DEVIATION FROM APPROVED PLANS

It is possible that any proposed deviation from the approved plans could be classed as a 'material' change requiring a further application/permission, including where there is an intensification of use and/or increase in number of occupiers. In the event that any change is proposed, applicants are advised to seek advice from the Local Planning Authority [as proceeding without the necessary permissions could nullify this permission].
