Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application

Reasons for comment:

Comments:	The proposed change of use of The Peacock Public House to a Place of Worship or Religious Instruction (Class F1) offers a significant opportunity to enhance Gravesham's social infrastructure, in line with local and national planning objectives. Policy CS10: Physical and Social Infrastructure commits the council to ensuring infrastructure is in place to meet the changing needs of the population, including faith and community facilities. The proposal directly supports this objective by repurposing an existing building to serve a clear and present community demand. Policy CS01: Sustainable Development promotes the reuse of brownfield land and existing buildings to strengthen community networks and improve access to services. This development contributes to both policies by avoiding vacancy, reinvigorating a community space, and ensuring the site continues to play a role in delivering public benefit. I am looking forward to using the premises and my children will be attending the classes as it is a local and accessible location.
