| Comments: | <p>The council need to support this planning application. By transitioning from an obsolete pub use to an active Class F1 community use, the development aligns with the local and national planning framework-promoting a socially sustainable environment that strengthens the urban fabric of Gravesham.</p> <p>The site is located in a highly accessible area, within walking distance from Gravesend town centre and well served by public transport. Many attendees are likely to live locally and access the premises by foot, bicycle, or public transport, reducing reliance on private vehicles.</p> <p>The pub had many complaints regarding noise and disturbance. The evidence provided shows that this centre will not be loud, will work peacefully and not in any way disturbing to the local community.</p> <p>I will personally be attending with my children and I am looking forward to using the facility.</p> <p>I urge the council to understand the nuances of this application and not to consider political motivations. This application needs to be considered based on merit and not based on partisan issues.</p> <p>I can see a further 240 comments in favour of this application and this clearly shows widespread approval of this scheme.</p> |
