Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to the change of usage from farmland to a travelling site. The reasons for my objections are a loss of agricultural land and the effects on the local wildlife. Additional loss of facilities to local walkers and horse riders. In addition to the loss of these facilities we have access by very narrow country lanes and roads. These cannot sustain the current flows of traffic nevermind the extra traffic that would flow from the change in this land.

Kind regards
