Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	This proposal would have parking at the rear, which would likely end up with cars backed up in the alleyway. This would block access to my mum's garage as well as other neighbours garages.' Parking is already an issue on the street with many "works" vehicles and this new house would just make the issue worse. My mother and others who live on the street regularly use the public path to Dover Road and inappropriate parking would restrict access. The design is for a 2 bed in a road of 3 bed houses which is odd and the house design is not in keeping with all the others house on the street. The additional property is detrimental to everyone living on the street and neighbours.

Kind regards
