Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	We seem to be getting a lot of retrospective planning applications - I understand the rules to be that you apply for planning permission and proceed from there. I object as this sight was never intended to house static caravans, to access is very tight and will once again destroy our countryside and surrounding areas trying to get the large caravans in place. Increase traffic on a very small country lane. The village is struggling when it rains and areas are now often flooded, a number of water leaks as the infrusture just cannot cope, the GP and Schools are at capacity, the local A&E is struggling. The main road leading to here is often blocked due to various of reasons and not sure how many more vehicles it can cope with.

Kind regards
