Reasons for comment:

Comments:	I fully support this application. The bowls club and the old bowling green have been unused for some time, and this proposal represents an excellent opportunity to bring the site back into active community use. The Basement Bakehouse is a unique local business that produces high-quality, locally made bakery goods. The owners are clearly passionate, dedicated, and committed to making this venture a success. The temporary coffee cart and the Saturday morning use of the clubhouse for the collection of pre-ordered goods have already demonstrated the positive impact the business can have. They have brought people together, created a welcoming community atmosphere, and breathed new life into an area that has been underused for some time. I believe this application will benefit both the local community and the wider area, and I fully support its approval.
