**Re: Gravesham Borough Council(20251116) - Planning applications/Multiple Properties - Closest Address: Land West Of, Norwood Lane, Meopham, Gravesend Kent**

**LSBUD Reference:** Emailed directly

Dear Mrs Alison Webster,

Thank you for your enquiry, referenced above received via the LSBUD website.

Within the last 28 days we have received no response or contact from yourselves regarding this particular enquiry and have attempted to contact you via email/telephone. As documented on the LSBUD plan received via your initial online enquiry, no plans are valid after this time. Therefore, we kindly request that if any works are to be carried out or you wish to liaise with an SGN representative please visit the website [linesearchbeforeudig.co.uk](http://linesearchbeforeudig.co.uk) and re-submit your enquiry.

**No works are allowed within 3 metres either side of pipeline.**

The pipeline is of prime importance to the gas supplies of this area and protected under the Pipeline Safety Regulations 1996 and I draw your attention to Regulation 15 which states "no person shall cause such damage to a pipeline as may give rise to danger of persons". Failing to comply with these requirements could also result in prosecution by The Health and Safety Executive (HSE). Therefore, it is essential that you comply with the restrictions and the document SGN/WI/SW/2 in order to protect our plant and equipment and for the safety of your own operatives. Please note that this response does not give permission to carry out any works within the vicinity of the gas pipeline.

Please note that further restrictions on activities may need to be imposed as a result of a site inspection.

For any further information please contact SGN on the details above.

Yours Sincerely,

Maintenance Admin Team.
