Reasons for comment:	
Comments:	<p>A development of this size will seriously impact the village.</p> <p>To develop here will cause overcrowding, safety issues, pollution and further traffic to an already congested area. The local amenities such as the doctors surgery and schools are at full capacity. The village would not be able to cope with the increase in the number of houses, people and vehicles.</p> <p>There will be a loss character to the village a loss of wildlife, increase risk of environmental harm due to light pollution, noise and congestion in a village that struggles already with the ever growing traffic.</p> <p>One accident or set of roadworks and the whole area comes to a standstill it is just not feasible to increase the demand on an area that is already struggling to keep up with the capacity of people and vehicles using it and living here already.</p>

Kind regards
