Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	object - reasons. Not in line with government green belt policy section 13 of government planning policy - government attaches great importance to green belt. Only in exceptional circumstances should green belt be built on. Priority should be given to brown belt development. Government policy says applications should be determined in accordance with the development plan. The Gravesham planning policy has not been finalised. How can this planning application be approved when it has no local plan in place. Not able to demonstrate that normal planning and development management would not be adequate. Local infrastructure is not able to support the development. Traffic increase significant. Pressure on NHS and schools. Take into account also the lower Thames crossing project. Likely that the A227 and surrounding roads will be used as cut throughs. Urban sprawl - merging with Sole Street. Government policy - green belt to prevent urban sprawl. Also impact on wildlife. Does not preserve the setting and special characteristics of Meopham Village. The proposed development should be rejected.
