Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to development for numerous reasons. In no particular order, the roads and infrastructure are not sufficient to accommodate new dwellings. The narrow roads are already extremely busy with additional traffic causing noise and pollution to the village. The parking in the village is minimal and often dangerous. The doctors surgery already struggle to cater for the current number of patients with it almost impossible to get an appointment without significant waiting times. Destruction of green belt sites will cause a non reversable impact to the environment whilst impacting on the heritage and character of the village identity.

Kind regards
