19940189	Erection of single storey rear extension to form conservatory, covered way at the rear, a front porch and alterations to the roof.	Permitted	27.05.1994

Development Plan

Due to the nature of this application, the adopted plan and national planning policies are not relevant since it relates to whether the proposed single storey extension requires prior approval.

Planning Legislation

Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)

Consultation, Publicity and Representations

Additional consultation is not part of the procedural requirements. A representation from Shorne Parish Council was received however as the representation was not from a neighbouring property, this is not relevant for this application.

In accordance with the amendments in relation to home extensions under paragraph A.4 (5) of Class A, Part 1, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) the following adjoining neighbouring properties were notified of this application;

- 8 Crown Green, Shorne, Gravesend, Kent DA12 3DT
- 10 Crown Green, Shorne, Gravesend, Kent DA12 3DT

The expiry date for comments was 20.03.2024 and no comments were received.

As no comments were received, section A.4 (7) of the GPDO has not been triggered and it is therefore not necessary to consider the impact on the amenity of any adjoining premises.

Assessment Notes

A.1 (ja)

The property benefits from a rear extension carried out under application reference number 19940189. As such, an assessment was carried out to ensure the proposal complies with Class A.1 (ja), to ensure any total enlargement does not exceed the limits set out in paragraphs (e) to (j).

Proposed Plans for this current application with dimensions 	Google Aerial Image 

As indicated by the plans, and measurements above, the proposal complies with this part of the order.

Class K(iv)

The demolition/alteration of the existing 'snug' roof would likely fall under Classes B and C (as appropriate) of the GPDO. However, this is not directly related to the Prior Approval Extension Application itself. The proposed works would need to comply with all parts of the GPDO to be considered lawful, and anything outside of these parameters would require planning permission.

Analysis

Under Schedule 2, Part 1, Class A.1 (g) of the Town and Country Planning (General Permitted Development) (GDPO) (England) Order 2015, as amended, a family dwelling can extend beyond the rear wall by 8 metres in the case of a detached property, as long as it does not exceed 4 metres in height.

The adjoining properties were consulted in accordance with A.4 (5) and no representations were received. Therefore A.4 (7) has not been triggered and impact on neighbour amenity does not require investigation.

The submitted information demonstrates that the extension will have a maximum height of 3.77 metres, eaves height of 2.36m and a depth of 4.20 metres; all within the parameters specified under Class A.

It is considered that the details and documents provided with the application are sufficient and no further information is required under A.4 (8) to determine the proposed development.

Conclusion

The proposed development complies with **THE TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT) (ENGLAND) ORDER 2015, AS AMENDED**, and it is considered **PRIOR APPROVAL IS NOT REQUIRED**.

Informatives are recommended relating to the extent of this prior approval, the development to accord with the information provided and requirement to comply with Building Regulations and works of construction etc.
