Reasons for comment:	
Comments:	I strongly object to this application. There has been work going on here for months now with no respect for planning laws. Normal law abiding citizens are not allowed to start building work without prior planning approval, apparently there must be a completely different set of rules for this community! There has been the destruction of many trees and the hedgerow in the lane to facilitate the access of large mobile homes to the site with no regard for the local environment whatsoever. It seems that every time we have a Bank Holiday more caravans are moved onto the site illegally! Local residents are genuinely concerned about what is happening here and rightfully so. Something needs to be done by Gravesham Borough Council regarding this application, surely this is partly why we pay our council tax to help fund them. In closing I believe all planning here should be refused and the site returned to its original state. Regards

Kind regards
