Comments:

I have found the information regarding the various planning applications in relation to Whitepost Lane slightly confusing on the portal.
However, please see my comments below.

Sadly there has been a disregard of the environment along Whitepost Lane with extensive damage caused to the trees along the road.

The lane is often difficult to get down because of the number of large vehicles recently. There has also been an increase in the number of vehicles using what had previously been a narrow and quiet road.

When moving to an area you should abide by the local planning laws, making applications in good faith and with consideration to your neighbours and the environment, unfortunately this has not been the case in relation to the sites on Whitepost Lane.

I understand that restrictions were put in place back in 2008 and that there have been many breaches of the restrictions.

I have sympathy for people wanting to establish themselves in a community and provide a home for their family. There should be ways of going about it that do not cause disruption to an already established, small community like Sole Street.

Many thanks

Kind regards
