Reasons for comment:	
Comments:	The access roads into and out of this location are barely suitable today let alone with an additional 300+ cars for this development. The current A227 is not fit for purpose even on a good day, the volume of traffic and pollution is rising and adding additional vehicles into an already congested area is madness. The local school is already oversubscribed and the doctor's surgery is at max capacity, where are we going to support this additional 600 plus people?

Kind regards
