Reasons for comment:

Comments:	I object to this proposal because another six houses built on this land will make the a227 so much busier. It is a narrow bit of road there. Only this morning I passed a lorry on the opposite side to me which was over my side of road. It makes for another accident waiting to happen. There is already one new dwelling built at this property, quite close to the road. Recently a serious accident outside this property concerning a school bus and a farm vehicle coming out of the property was distressing to see where school children are involved. We live in an area of outstanding natural beauty with fields, trees and much wildlife. It is not fair that it should be spoiled by yet more houses. Doctors, schools, roads etc just cannot cope with yet more houses/people/cars
