Reasons for comment:

| | |
|-----------|---|
| Comments: | I feel strongly that the local primary school will be unable to cope being a single class school with no land to expand and will result in local children being unable to attend due to lack of spaces. It was oversubscribed with this years intake as it has been with most years in the last 5-10 years. As a mother of a child who uses an inhaler, I am deeply concerned about the air pollution that will result from building work and extra traffic on our local roads. We use the A227 twice daily and believe it cannot cope with a large amount of additional traffic causing congestion, with very limited alternate routes via small lanes. Parking at the school and one shop is already very limited and causes significant traffic and upset to the residents. Finally, as a parent of children that attend the school and nursery, the bus crash that took place last year was devastating and shocking. It is extremely worrying, and in poor taste, to create a new entry point to even more traffic at that specific point. |
|-----------|---|

Kind regards
