Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	If this application is to be agreed where please will the additional infrastructure be, the schools, the medical facilities to name but two. How will the additional congestion within close proximity to a primary school be handled. How will the additional traffic arriving for the meopham primary school be handled, it is already a serious issue at both ends of the school day with parking on the A227. This application is appalling and should be thrown out as more and more traffic will raise the risk assessments which I hope will or have been done. Insufficient facilities exist for this application to succeed and I trust it will go no further.
Kind regards
