Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: There is not enough infrastructure to support such a proposal, there are already plans submitted for housing adjacent to the shopping parade and at the rear of the existing primary schools. the roads are already congested early in the morning and afternoons, the doctors surgery is already over subscribed and getting an appointment is a lottery. Norwood Lane is a single track road and although access to the proposed estate shows it from the Sole Street road people will obviously try to use Norwood Lane as a means of egress adding to the problem of accessing Wrotham Road any time of the day. I accept that we need additional housing and affordable housing in the village, there are already three housing planning applications submitted totaling 620 houses, this application would make it 1345 in total, in my view far too excessive for a small village with limited facilities.

Kind regards
