Reasons for comment:	
Comments:	The village and the SE in general is in desperate need of more housing and although I'd like to see more of this development being affordable or social housing it's not a bad scheme. Most of the village is post war fill in on mainly orchard land, I see no reason why the vast majority of people opposing this scheme, who live in exactly this type of housing should oppose it. It seems to be a NIMBY reaction to people who have already got what they want but for some reason wish to hold back the opportunity for others. Using the blanket of poor infrastructure and amenities as a cover for their real objection that they just don't want any form of disturbance near them. I wholeheartedly support this application.

Kind regards
