Reasons for comment:

Comments:	This application is a route to getting the Muslim community more widely integrated into the wider Gravesend society. The wider public must be welcomed into the building to chat and receive any help on offer. What mustn't happen is for the Islamic community to want to remain isolated from the rest of us. In turn we as the public from many different faiths or no faith at all (I am a Christian) to not. It must not be seen as them and us. This is the sort of attitude to certain sects wanting to alienate themselves eventually leading to terrorist views. A prime example is the way the Gurdwara has been made available to everyone in Gravesham. With the challenges going on in the world today we must remain united as a community in Gravesend.
