Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I am concerned about floodlighting being so close, parking and further traffic causing further problems outside my house. Already parking is difficult for residents. Also the rubbish problem which may be caused by further people hanging around outside our houses. Noise is a further issue as there are already drum and music events so we get no respite come the weekend which is when I'm sure the facilities will be used continually. I appreciate that it's a good idea as school buildings should be maximised but all I can envisage is noise and light pollution and more foot and vehicle traffic.

Kind regards
