Comments: I object to planning application Ref 20231186

I have spent all of my life in Harvel and the Amazon & Tiger Pub was a large part of it and the first pub I ever went into.

We are relying on the planning authorities to prevent developments that are harmful to the way of life of this country village, as the Amazon & Tiger has always been the social heart of the village.

The owner's bought the Amazon and Tiger as a Public House with the intentions of running the property as a pub. Their motives have now changed, If the owners are able to convert the Amazon and Tiger into a house, not only will the village have lost the only pub in that community, but the owners would have made a substantial profit which only benefits themselves and not the wider community, as there is nothing stopping them from converting the pub into a house, then selling it for further financial gain.

They have chosen to try to convert the Amazon & Tiger Pub into a house for purely financial gain at the cost of the well being of the community, if every Community asset was converted sold as a private residence for one individuals profit, where would we be?

Kind regards
