Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I fully support this application as New House Lane is a very busy road, particularly at certain times of the day (eg school days) when there is a regular flow of traffic each way, often including large vehicles and the emergency vehicles which use this route. Allowing a drive will provide easier passage for both lines of traffic, removing a parked obstacle which otherwise needs to be negotiated. (Sometimes two cars pass the parked car at the same time and nearly cause incidents). Furthermore, a car off-road and on the drive will provide better visibility for cars approaching, from East to West, the T-junction with Dashwood Road. This is where many schoolchildren cross New House Lane without the availability of an official crossing. We, the neighbours, feel much safer parking off the road and have clear views when moving back onto the road.

Kind regards
