Comments Details

Commenter Type:	Councillor
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	Yet another London applicant with no evidence to suggest that the residents will be from the local area. If the residents are not from the local area, there is no consideration given to how this will impact the already stretched Drs, Dentists and schools that they will be required to register at. To introduce 8 full time employees who are on rotating shifts with not one single allocated parking space is going to have a negative impact on the neighbouring properties and their ability to park. Local provision has to be provided to local people as per the local plan, however repeatedly, children who are the responsibility of other local authorities, are being housed in Gravesham. When the authority is targeted to build more and more homes and is losing precious Green Belt in the process. This is simply not fair.
