Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to this Planning Application as it has total disrespect for what is Green Belt land that was only deemed suitable for grazing, certainly not residential occupation. This Planning Application along with several others on the site is retrospective and shows total disrespect for all aspects and authority of the planning process and procedures. I consider this as a significant Application as it is clear that there will be a steady occupation of the whole of the White Post Lane site (currently 19 static caravans plus day rooms and at least a similar number of mobile caravans are pending approval) This growth in occupation is already being witnessed by a regular arrival of more static and mobile caravans. The subsequent growth of occupants (which could easily be up 100 persons to the site) has resulted in higher levels of various types of vehicular traffic along White Post Lane. This additional traffic is often travelling at a potentially dangerous speed for what is a single track road with blind bends. The growth of a traveller community is and will ultimately change the cultural balance of the village of Sole Street and to some extent the nearby residents of Meopham and New Barn who regularly use this lane for recreational purposes.
