Reasons for comment:

Comments:	I object with huge passion to this and the other developments proposed for this area. I reside at the [REDACTED] and have always valued the beauty of the surrounding area. These developments would severely damage the local green belt land and the beauty of our rural villages of Meopham and Sole Street. These teas provide a retreat with fresh air, green views and all around gorgeous nature. The proposals will infringe on well being of local residents and cause a huge loss to the community. This green belt land is vital for mental and physical wellness and we cannot afford to lose it. Also, traffic increase will further pollute both the air (noise and smell) and the congestion on all local roads. These lanes cannot accommodate any additional traffic and already suffer when there are incidents on local main roads. A totally new road infrastructure would also be required, thus causing further depletion of our countryside. It is totally absurd to even consider these proposals. I am sure the drainage of the local area would also be affected and the implications to wildlife is also a huge worry. Safety of local residents and access for emergency services is another consideration which appears to have been overlooked. I cannot newest and how such proposals even made it to the table. I am totally disheartened to hear of these suggestions and would ask you to consider my views please.
