Reasons for comment:

Comments:	<p>This is one of the most ridiculous planning applications ever. An additional 350 houses on the main A227 road opposite the parade of shops! Only recently had traffic calming put in place. Have any of you ever tried to get out from Green Lane at 5pm; have any of you tried to navigate through the parked cars at school drop off and pick up time; have any of you been stuck in traffic when temporary measures have been in place for a burst water main (often), utilities work (often) or potholes (often).</p> <p>The condition of the road surface is poor.</p> <p>The parking and volume of traffic currently using the A227 is far too excessive for the area. The pedestrian crossing in Meopham by the parade of shops at the station is totally inadequate as cars park on the zig zag lines, so why not make more cars use the road as that will really help.</p> <p>Cars coming round the back past Camer Park and out on to The Street, can just about make it, with the increased volume of cars this will be an even bigger joke. Not everyone works from home.</p>
