Reasons for comment:

Comments: I have lived in Istead rise for [REDACTED] years moving from Gravesend for a quieter life . Being [REDACTED] I wanted my children to have my childhood where they could ride their bike outside , we live in the quieter side of the Drove Way. We have a local park that the children frequent , we know how lucky we are to have this .

Of course that will go once the development is built . The quietness . The over population in Istead rise . The chaos to get in and out of Istead rise . Who decided to use the Drove Way as an exit route clearly has never been here on a weekend or around the holiday times to see how we the residents find it difficult to get off our drives because of the number of cars that are parked in the drove way . It will be so much worse after the build if you let this go ahead .

We barely get a doctors appointment, since Covid they have been scarce . Applying for schools in Istead rise has gotten worse , this is just for the residents where a few have not got their first choice . Where do they expect these new residents

No one has thought about us . How much our lives will be affected ! Our children's lives .

I hope you do think about how it will destroy our community . My husband wants to move , I have so many memories of my late parents in my home . Why should

we move because no one has considered about how it will affect us .

I hope you do.

Kind regards
