I wish to **object** to planning application number **20260649** for the reasons stated below:

GREENBELT should not be reduced any further or used for this development for the sake of the inherent wild life, the environmental factors this is a cheap option when there are various brown field sites that can be used with little effect on the residents and the wild life.

The infrastructure is already inadequate for the current residents ie doctors, schools, sewerage, dentists & drainage but especially Darent Valley Hospital. It cannot cope now people lives are at risk.

A2 & Swanscombe cutting every day there are tail backs & traffic jams and multiple accidents 100 homes plus vehicles will intensify this.
