Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>Wrotham road is extremely busy but an essential route. The traffic and chaos this construction would have is immeasurable. It would impact children getting to school and general community. Meopham has and continues to have insufficient infrastructure to deal with such a construction which includes GP, schools and the overall drainage infrastructure of an already overstretched location.</p> <p>Meopham is know for is green fields, having this proposal would not only impact the value of surroundings homes but make getting anywhere or local residence almost impossible.</p> <p>I strongly object to this proposal it is very much a short sighted gain for a life time of misery for not only current residence but those who would then buy the home realising the most basic infrastruture is not there</p>
